# Oils & Cold Wax Painting Introductory Class

## ONE DAY WEEKEND WORKSHOP

This is your chance to experience the growing phenomenon of painting with blended cold wax and oil paint in a relaxed and encouraging environment at my beach side studio at Haumoana. We use our own cold wax medium made from refined natural beeswax and Gamblin Odourless Mineral Spirits which is blended with quality oil paint.

During the workshop you will be led step by step through many different basic techniques of applying oil paint and texture to paper and then board, having each demonstrated to you, then performing each step yourself to a point where you will develop a strong understanding of process and what is possible. You will get to produce a work of art to take home, with your own distinctive style and colour.

### INCLUDES:

- Introduction to tools of the trade and setting up a palette.
- Introduction to cold wax medium, paints & solvents.
- Introduction to tried and tested techniques of applying paint and texture without a brush.

During this introductory workshop you will create experimental works on paper and also a finished piece on wooden panel to take home from the techniques you have learned, the perfect keepsake from a fun day, and maybe the beginning of a new pastime!

**COST: \$160**

10am to 3pm

All workshop materials and tea and coffee are provided - bring your lunch.

REGISTER YOUR INTEREST BY USING THE ONLINE FORM

Please Note: Numbers are limited to 6 per workshop, so payment in advance is required to secure your place.
